

## **STATegics to Present a Plenary Lecture and a Scientific Update at “Systems Biology 2012” in Melbourne, Australia**

Juha Punnonen, MD, PhD, STATegics’ Chief Executive Officer, is scheduled to present a plenary lecture at the “Systems Biology 2012” in Melbourne, Australia, on May 21<sup>st</sup>, 2012. The symposium is organized by the Department of Primary Industries, State Government of Victoria, and Dr. Punnonen’s invited presentation will summarize the latest results on methods of cytokine receptor activation, including STATegics’ small molecule cytokine mimetics. For further information regarding the presentation, please contact the Company at [information@stategics.com](mailto:information@stategics.com).
